May Flowers and more

The garden is done, and just in time for the sunny weather – finally! We have had so much rain, which I know we need, but seriously, enough already. We are ready for hot fun in the summer waters of the Delta, and veggies from the garden.

In talking with some friends here, it seems like many of us will be working on "boat projects" this season. From bright work, to painting, to everything in between – hope you all join in the fun, after all you will be on the water and your boat – the perfect combination! I will add some Vendor information on the next page, along with other helpful tips, to help in your process. If you need more specific help, please feel free to contact me or Zarida.

As you make plans for the summer, here are a few things to keep in mind:

1. Be sure to get your reservations in for securing a picnic spot for your family and friend gatherings. They fill up fast.
2. The Three Mile Slough Bridge is out of order for lifting for vessels – so plan accordingly.
3. The events at Owl Harbor and around the Delta should make for a wonderful boating season – your vacation on the water.

Here's to a great summer,
Devery and Captain Jack Sparrow

Boater Card Update

As of **Jan. 1, 2024**, a California Boater Card is required to be carried by motorized boat operators **60 years of age and younger**. By **2025**, all operators of motorized boats will be required to carry a California Boater Card, regardless of age. The California Boater Card is proof of successful completion of an approved boating safety course. The best part is, you can obtain your lifetime card for only \$10 right now!

To see the complete list of approved courses and obtain your California Boater Card, visit www.californiaboatercard.com today!
